

Key Features

- 7,100 ANSI Lumens ensure vibrant images in large venues
- High native contrast ratio provided by a 0.67" DMD chip and DLP technology
- Supports a 21:9 aspect ratio, ideal for Microsoft Teams
 Rooms
- Installation flexibility: motorized focus, 1.6x optical zoom, H/V lens shift, and 360° projection
- Centralized LAN control for efficient management

Product **Description**

Introducing the LS950WU from ViewSonic's Luminous Superior Series, tailored for expansive venue displays. Featuring a robust 7,100 ANSI Lumens brightness and high native contrast provided by a 0.67" DMD chip through DLP technology, it delivers stunning visuals on screens up to 300-inch. Ideal for modern workplaces, its 21:9 aspect ratio is optimized for Microsoft Teams Rooms, enhancing collaborative environments. With a 1.6x optical zoom, it allows for a flexible setup to suit various installation needs, and the motorized focus, lens shift, and H/V keystone adjustment make the process a breeze. Additionally, portrait mode and 360° projection capabilities cater to more advanced requirements. Comprehensive LAN control ensures seamless integration into existing device management networks. Employing advanced 2nd generation laser phosphor technology, the LS950WU boasts a remarkable 30,000-hour lifespan, reducing maintenance costs for both business and educational institutions.
