Lenovo ThinkPad Universal USB-C Smart Dock ThinkSmart Edition

Transform your laptop into a meeting room solution.

Lenovo ThinkPad Universal USB-C Smart Dock ThinkSmart Edition is a better way to build out your BOYD rooms. This managed dock, featuring streamlined single-cable connectivity and mounting bracket, offers IT managers remote room monitoring via Microsoft Azure Sphere IoT technology.

With seamless UC interoperability (Teams, Zoom, Webex, Google Meet, etc.) and plug-and-play convenience, users can connect laptops to premium AV equipment and large displays effortlessly. Enjoy Hotdesk simplicity and full conference room perks without complex setups. That's smarter.

**An innovative
cable management
system keeps all
peripheral cables
out of the way and
locked down.**

Lenovo ThinkPad Universal USB-C Smart Dock ThinkSmart Edition

Optimize collaborative workspaces.

The ThinkSmart dock is an entry-level managed solution that offers IT managers valuable insights into room usage and other data analytics, facilitating better decision-making for future technology investments. With ThinkSmart Manager, users gain remote visibility and manageability capabilities, enabling effortless monitoring and control of meeting spaces from anywhere. By gathering comprehensive data on meeting environments, organizations can enhance productivity and make decisions on future technology decisions.

MULTIPLE UC POSSIBILITIES, ONE CABLE.

Get more from your meetings with maximum efficiency by adding professional audio and video peripherals using a single quick-release cable. Expand your creative potential with access to multiple 4K monitors and blazing-fast data transfers with USB-C and USB-A. Plus, get rapid-charging for your laptops up to 60W to always stay energized.

UNIVERSAL DOCK COMPATIBILITY.

Engineered to connect a single universal USB-C port, this docking solution empowers teams to effortlessly integrate their laptops with high-quality, professional in-room devices all while keeping wires and power adapter tucked away. With the ThinkSmart dock, enhance communication, streamline workflows, and foster productivity in every meeting.

SAVE TIME, EFFORT, AND WORRY.

Streamline day-to-day management by gaining cloud-based visibility into the status of BYOD rooms equipped with a ThinkSmart dock. Its time-saving features let you update firmware and monitor docks remotely, without a physical PC connection. What's more, Microsoft Azure Sphere IoT is built into all our smart docks. This multi-layered cloud-based security solution provides continuous security updates, providing further protection and extra peace of mind.

Turn your peripherals into an easy-to-use—and easy-to-manage—meeting room space. With Lenovo ThinkPad Universal USB-C Smart Dock ThinkSmart Edition, BYOD collaboration just got smarter.
